The Medical Home Day

Who: Primary Care Practices in Cumberland, Gloucester, Salem, or Camden Counties interested in learning about a Medical Home Program Opportunity

What: A program to improve and expand Medical Homes in NJ!

You're already a medical home...together we can work to create improved Medical Homes. The AAP describes a medical home as primary care that is accessible, family-centered, continuous, comprehensive, coordinated, compassionate and culturally effective.

Interested in Participating?

We are recruiting practices to participate in the Integrated Systems of Care Medical Home Program, COST FREE.

The program provides an opportunity for pediatric/family practices located in Cumberland, Gloucester, Salem and Camden Counties to gain an understanding of how to strengthen their medical homes.

Primary Care Practice Benefits...

- Participation as a practice team in 3 Medical Home Learning Collaboratives (materials and refreshments provided)
- Gain assistance and support aligning your practice with NCQA Medical Home levels
- Networking opportunities between practices/team building within the practice
- Pediatric expertise and Community Resources brought to your practice
- Training and Technical Assistance provided by a Medical Home Resource Team
- Self assessments (Medical Home Indices, Pre and Post, Provider & Family versions) and Improvement plans
- Link to Community Resources & other PCORE onsite Quality Improvement Programs
- Strengthen Family/Provider Communication
- Create your Medical Home Quality Team— an MD Practice Champion, Nurse and a Parent Partner
